

REPOWER REFUEL REBUILD AMERICA

Building a Green Economy in Southwest Pennsylvania

A greener economy in Southwest PA is something we can begin working towards today, and in doing so we'll tap into Pennsylvania's ingenuity and can-do spirit to develop new clean energy industries and increase our energy efficiency, while doing our part of confront global warming.

Free and open to the public, all are welcome to **learn how global warming solutions can also create economic opportunities, and how the federal economic recovery plan will affect you** and the Pittsburgh area!

What: Town Hall Event. A panel of elected officials and labor, environmental, and business leaders will discuss how we can work together to develop a green economy and create millions of new jobs in Pennsylvania. This will be an opportunity to learn more and have your questions answered!

Who:

Congressman Jason Altmire
Larry Schweiger, President, National Wildlife Federation
Fred Redmond, International Vice President, United Steelworkers
Tom Granville, CEO, Axion Power International

When: Thursday, April 16, 7pm-9pm. Doors open at 6:30pm

Where: Carnegie Mellon University, 100 Porter Hall
(FREE parking at East Campus garage on Forbes Ave)
